

13TH EDITION PETROLEUM --- CATALOG • 2019

NEW AFTERMARKET
OEM-COMPATIBLE
REPLACEMENT PARTS

Dear Valued Customer,

It fills us with joy to share our **15th anniversary** with you. After these many years we are the industry's leading manufacturer of OEM compatible replacement accessories for Petroleum Pumps, Barcode Scanners, Medical Devices, and similar products.

We are also pleased to share that our dream was born in 2003 from the vision of three friends, remembering that when a dream begins, only patience, dedication, and hard work yield great results.

To our current worldwide customer base, **we thank you** for trusting us with your business. For those in our target businesses who haven't tried us, we invite you to provide us the opportunity to work with you. We are confident that we will be able to meet or exceed your expectations. You will quickly learn that we excel in delivering products, which represent our core business principles of quality, service and value. We have great products at great prices!

Sincerely,
Global Light Team

IMPORTANT INFORMATION

GLOBAL LIGHT® - WE GET RESULTS FOR YOU®

[Terms & Conditions](#)

[Notes](#)

[Our Team](#)

TERMS & CONDITIONS

ORDERS

There is no minimum order quantity. We must receive a purchase order with Global Light part numbers and prices to validate the order.

SPECIAL ORDERS

Parts which we do not stock may be special-ordered. For this, we need a sample, picture or OEM P/N. All special/customized orders are non-returnable & non refundable.

DELIVERY

Our lead-time is 24/48 hrs on stocked items and varies for special orders.

PRICE CHANGES

Prices are subject to change without notice.

PAYMENT TERMS

Our terms are 2% 10 net 30. We reserve the right to withhold services and remaining goods until your payments on account are current. We accept payments by check, direct deposit to our bank, PayPal and major credit cards.

PRICING AND ADDITIONAL DISCOUNTS

Pricing is available on our pricing sheets and may change at any time. Discounts are available based on tier levels, purchase volumes, and other factors. Contact our Petroleum Sales Staff at our office: 1 (617) 868-1110, ext. 11.

WARRANTY

We offer a 12-month replacement warranty on all our products which fail due to defects in materials or workmanship. We are not responsible for failures due to modification, misuse, or conditions of storage and/or use. We also do not warrant our products' fitness for a particular purpose. Determination of fitness or use is the responsibility of the purchaser. Our liability is limited to the amount charged for our products and shall not include costs of labor or other special or consequential damages. Defective parts must be returned prepaid in order to receive credit or replacements. Contact us for a Return Materials Authorization (RMA) prior to shipping the parts back.

RETURNS, CANCELLATIONS & RESTOCKING FEES

Our parts are designed and manufactured to replace OEM products. We warranty them to be fit for use as replacement parts. For goods which are defective, we accept returns solely for replacement up to 12 months following the initial invoice date. Returns for any other reason are limited to a maximum of 10% of the value of prior-year purchases, or year-to-date purchases for new customers. Returns in this category require simultaneous placement of a Purchase Order to Global Light for goods of equal or greater total value, and may be subject to a 20% restocking fee. Returns must be prepaid, pre-authorized, in re-sella-ble condition, and unless due to an error on our part, also subject to a 20% restocking charge. Parts which have been tested or custom made are non-returnable and may be subject to cancellation charges. To ensure proper credit, your returns must have a Global Light RMA (Return Materials Authorization) number written on the outside of each box.

SHIPPING

All products are shipped from Cambridge, MA. We generally ship within 24 hours \$12.00 for Ground shipping, FREE Ground shipping on orders over \$500.00, and expedited shipping starting at \$15.00.

CLAIMS

Shortage claims or other problems with your shipment must be reported to us via e-mail, phone (617) 868-1110, or fax 888-414-9859, within 5 days of our receipt of the goods. Failure to inspect the shipment and report shortages or problems within that time is a waiver of the right to make a claim at a later date.

SHIPMENT INSPECTION

It is very important that you inspect all shipments for obvious and for concealed damage immediately when received. When in doubt, indicate "damaged" when you sign for the shipment. This will protect your rights in the event there are problems. Please let us know right away if you receive damaged freight. We will assist with claims wherever possible, but generally the consignee (i.e., you) must file damage claims directly with the delivering carrier under the rules established by the ICC.
